

REIKI MASTER LEVEL

Reiki is a non-invasive Japanese healing technique which involves the channeling of Universal Life Force energy. In this type of treatment the body is able to relieve itself of physical, emotional, and spiritual blocks. Reiki assists the natural healing process of the body and enhances its ability to rebalance to a healthier state. Reiki is effective on anything created from life force energy including humans, animals, and plants.

BECOME A REIKI MASTER

In Reiki, the word Master means that you have progressed in your development to the point that worries, doubts, anxieties and fears are taking less time and energy away from living a truly conscious life. The mastery is in dealing with yourself so that you are able to stay in your own energy and not interfere with the path of another being.

The Reiki Master level empowers you with the final and highly coveted Usui Reiki Master symbol. With this Master symbol, you will be able to give attunements to other people and certify them as Reiki Practitioners (any level). All the skills and ethics necessary to teach Reiki are also provided. A Reiki Master becomes a Reiki Master/Teacher after his or her first student becomes attuned and initiated into the practice of Reiki.

Certified Reiki Master/Teacher Brad L. Surette would be honored to teach you the art of being a Reiki Master. This intensive course is \$250 and includes a Reiki user manual, a Reiki Master Level attunement, and a Reiki Master Level certificate of completion. The attunement process is an amazing experience and one I'm sure you will enjoy.
